

LIDEA

Membership Application

LIDEA's mission is to increase the effectiveness of individuals involved in the practice of economic development in Louisiana through education, public policy advocacy, and collaboration.

Member Benefits:

Legislative Advocacy and Monitoring

LIDEA is a valued information resource and voice on state and federal legislative issues that impact our profession, state and communities.

Professional Development

The Certified Louisiana Economic Development Program is offered in conjunction with Southeastern Louisiana University for those interested in learning more about economic development. The program is supported by LED, AEP SWEPCO, and GNO Inc.

Networking Opportunities

LIDEA provides ample opportunities to meet and network with economic development and industry professionals from across the state.

Industry Communication

Members regularly receive pertinent industry news, legislative updates and information related to the economic development field.
